Join ISLP and IISD for a discussion on the Global Minimum Tax

Dear Friend of ISLP,

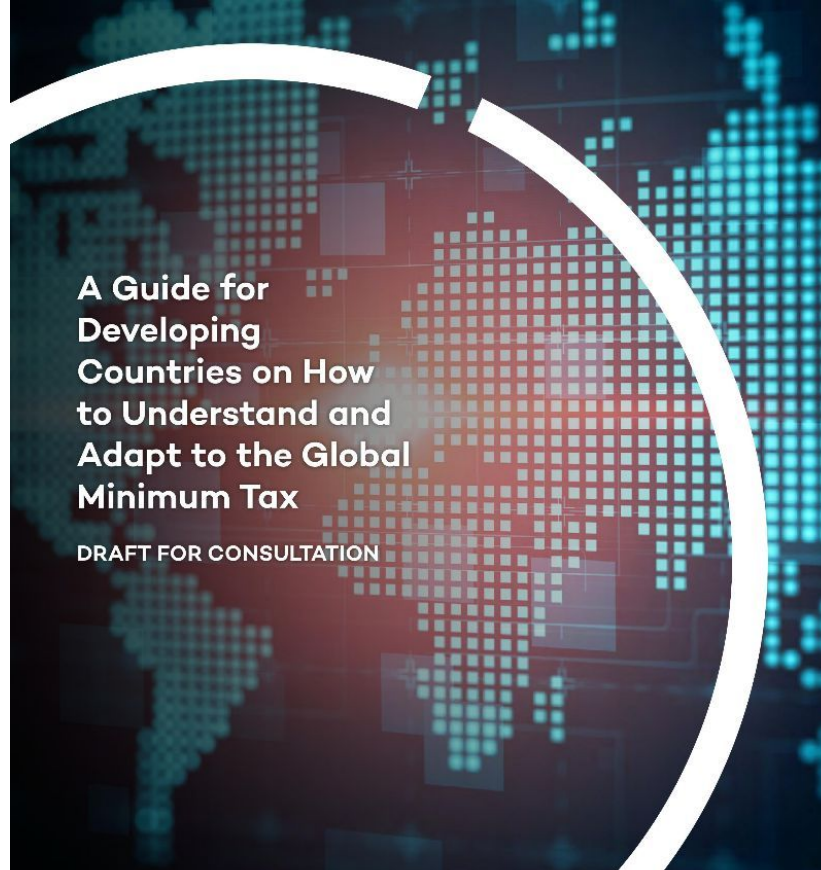

As the OECD prepares to release expanded guidance on the proposed global minimum tax, the International Senior Lawyers Project (ISLP) and the International Institute for Sustainable Development (IISD) have released [*A Guide for Developing Countries on How to Understand and Adapt to the Global Minimum Tax*](#) as a draft for public consultation.

ISLP and IISD designed the guide to help policymakers in developing countries navigate the shifting landscape of international taxation as the world moves toward adopting a global minimum tax.

Please join us for a virtual launch event this Thursday, where the authors will present the guide, discuss key issues with a panel of experts, and invite feedback and comments from participants.
